Kites2Kure 2019 NEW LOCATION

MN Twins Diamond Awards

Musicians Dystonia & MORE!

SAVE THE DATE—Kites2Kure Dystonia 2019, Providence Academy, Plymouth, MN

SPRING 2019 | www.kbsdystonia.org

NEW year, NEW location!

by Jessa Brixius, Manager of The Kurt B. Seydow Dystonia Foundation

New location?! That’s right! Save the date for our 4th annual, “Kites2Kure” Dystonia Event taking place on Sunday, June 2, 2019 at Providence Academy in Plymouth, Minnesota! Located in a western suburb of Minneapolis, Plymouth, Minnesota, Providence Academy is home to approximately 840 students enrolled from Prekindergarten through 12. Join us for a fun, family-filled day of kite-flying, face painting, LIVE music, food, ice cream, and MORE!

For more information and how to become a 2019 “Kites2Kure” Premium Sponsor, head to <https://kbsdystonia.org/dystonia-donate/>

Did you know?

Highlight: Musician’s Dystonia

(Source: National Institutes of Health – NIH)

Musician’s dystonia (MD) is a focal, task-specific, painless disorder of motor control, often resulting in the termination of professional performance. It affects as many as 1 in 200 musicians during their career and 1-14% of musicians seen in a performing arts medical center. These numbers may be underestimated, and the diagnosis of musician’s dystonia is often delayed. For more information on MD, visit <https://www.ncbi.nlm.nih.gov/>

An Evening of Philanthropy, MN Twins Diamond Awards

A few weeks back, The Kurt B. Seydow Dystonia Foundation attended the 14th annual, Minnesota Twins Diamond Awards. With more than \$300,000 raised, the evening's event helped the innovative research and patient care for brain, nerve, and muscle disorders at the University of Minnesota. More importantly, the support received helps families who are affected by neurological diseases have hope that someday we will find a cure.

The Kurt B. Seydow Dystonia Foundation, a registered 501©(3) donates 100% of their proceeds to The University of Minnesota Neurology Department
